CLEANING SERVICES

**FALKON  
CLEANING**

## Ensuring a cleaner, healthier, safer environment

The importance of a clean and healthy environment has always reigned supreme in all times. However, the present scenario, especially in the wake of Covid-19, has made it absolutely essential to life itself.

We need to be on guard for all kinds of stubborn and lethal germs to ensure personal hygiene at homes and public health and safety in work places.

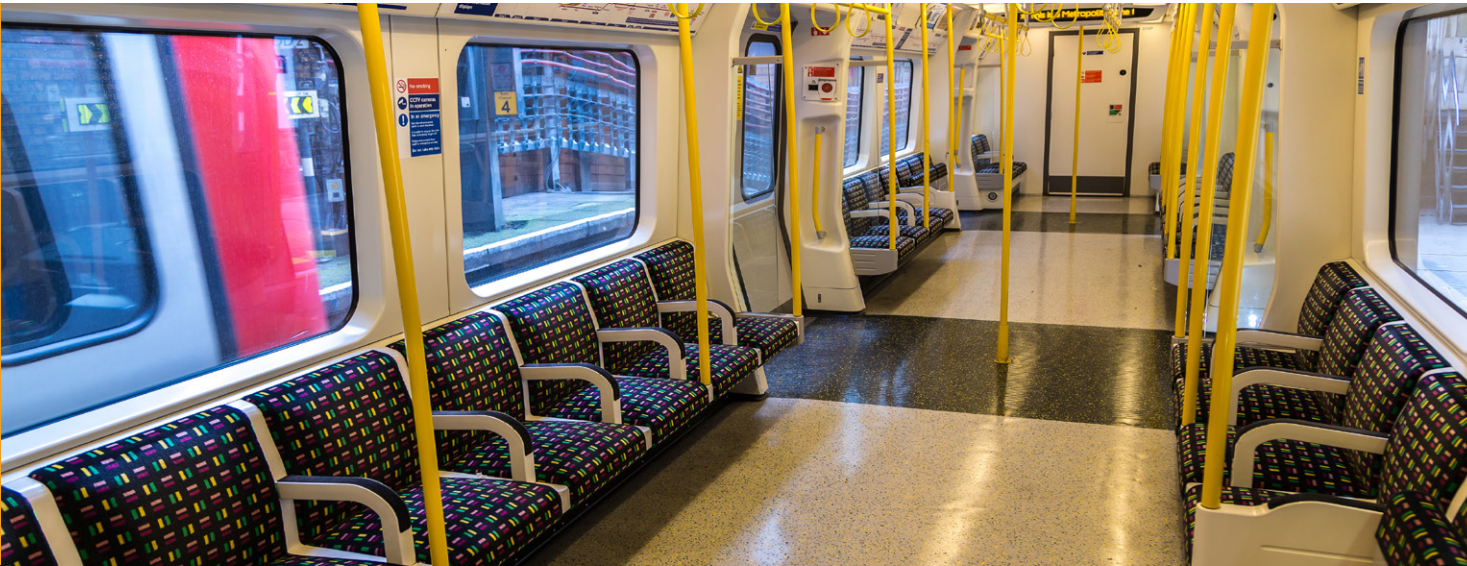

The need of the hour, is to come up with professionally competent and contemporary measures to ensure a clean germ-free environment overall.

It is with this specific aim in perspective that Falcon Cleaning has ventured forward with a modern and superior sanitization/ fumigation and cleaning services to ensure comprehensive and persistent public health and safety.

## Stay Clean; Stay Safe

Falkon Cleaning is a contemporary Sanitization & Fumigation Company providing premium and state-of-the-art services on professional basis and aims to ensure public hygiene, health and safety at large.

We aspire to provide a germ-free environment especially focusing on offices and industry at large, as we believe our work places must be essentially clean and germ free so as to ensure the health and safety of the workers at all levels. This in turn makes it possible for life to keep on moving ahead unhindered.

## FUMIGATION / SANITIZATION

The work areas may include:

- Offices/work places
- Factories/industries
- Markets/plazas
- Educational institutions
- Sports arenas
- Parks/public places
- Public transport
- All indoor and outdoor places where general public interaction may take place.

## INDUSTRIAL & COMMERCIAL CLEANING

Equipped with most updated and competent cleaning expertise in sanitization and fumigation, our expertise lies in not only providing an essentially clean and germ-free environment but also ensuring sustained public health and safety in the long run.

The extraordinary circumstances in present times, (especially the covid-19 scenario) make it absolutely essential to not just rely on ordinary cleaning regime but duly calls for a professional sanitization.

Our deep sanitizing/fumigation mechanism employs effective measures for surface as well as spatial disinfection. This keeps the premises safe from disease causing organism and at the same time curb cross infections in a specific enclosed area.

Our team comprises specially trained personnel who undergo a thoroughly professional training in the disinfection/sanitizing process.

PREVENTION IS, IN FACT, THE CURE!

Securing a  
sustainably  
cleaner,  
healthier  
and safer  
environment  
for Australia

## CUSTOMER FOCUS

We at the Falkon Company ever aspire to uphold our Core Values of Professionalism, Proficiency and Reliability.

We are committed to ensure our customers' health and safety through our reliable and highly proficient services which we consciously seek to last beyond one-time services.

Our customers' trust in our capabilities is of supreme value and we actively work to keep this confidence intact.

Most importantly, we are committed to play our part to the hilt in securing a sustainably cleaner, healthier and safer environment.
